

PATENTED TECHNOLOGY

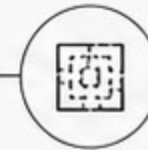

ENGINEERED BEYOND ATTACHMENT.

MagFace® is a patented magnetic laying system designed for precision, repeatability and clean integration.

1. FINISHES POWERED BY MAGFACE® MAGNETIC

Magnetic finishes, tiles, decorative surfaces, wallpaper

2. MAGFLEXMAT®

Iron powders base nano technology by MagFace® Insulation Mat

3. MAGTAPING®

Reinforced double-sided tape

4. EXISTING SUBSTRATE

Raised Floors / Mdf / OSB / Concrete screed

TOTAL THICKNESS OF MAGFACE® MAGNETIC TECHNOLOGY ONLY 1 MM

FLAME RESISTANCE CLASS V0 SELF-EXTINGUISHING

VERY LOW MAGNETIC FIELD EMISSION < 0.2 mT

ACCEPTS GREATER SUBSTRATE UNEVENNESS

WATERPROOF

FAST INSTALLATION AND REMOVAL

LOAD CAPACITY UP TO 110 kg/m² (≈ 22 lb/ft²) IN VERTICAL APPLICATION OF FINISHES POWERED BY MAGFACE®
