

MagFace® – APPLICATION CONCEPT

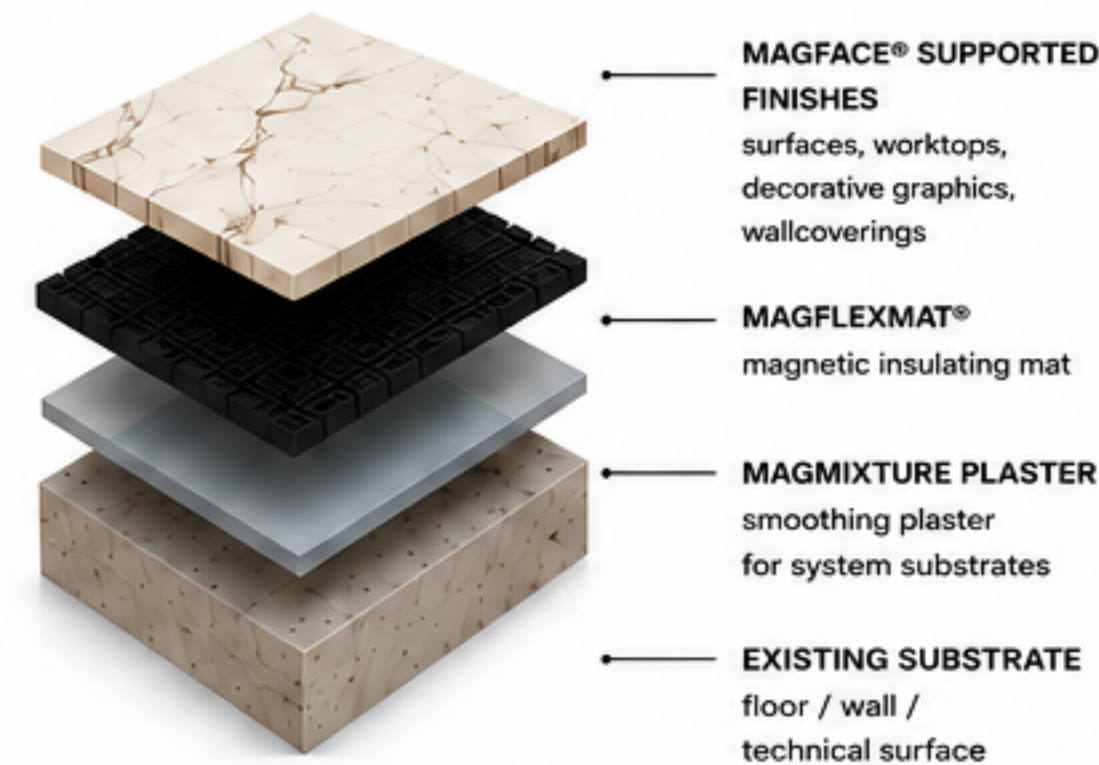

One system. Infinite possibilities.

MagFace® is an integrated system of ferrous supports and magnetic finishes that enables the application of surfaces and magnetic graphics without glue, drilling, or permanent fasteners. **Reconfigurable, reusable, sustainable.**

CONTRACT / COMMERCIAL / TEMPORARY SPACES

Speed, flexibility, and reversibility are essential.
The preferred solution: **MagFlexMat®** as the primary base for floors and walls.

PREFERRED SYSTEM

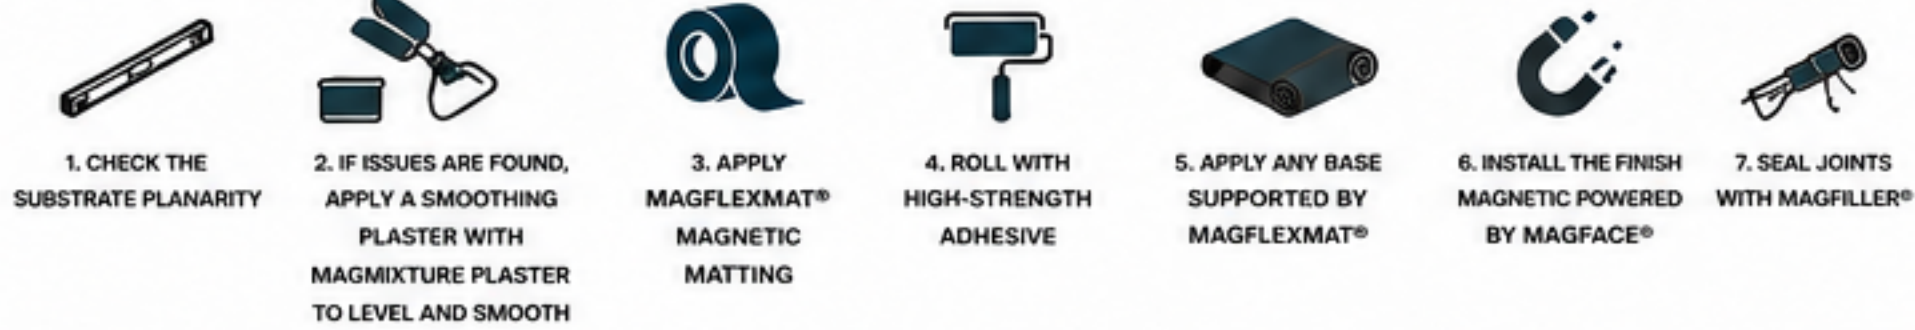

WHY MAGFLEXMAT®

- 1. ACCOMMODATES SURFACES WITH GREATER SURFACE IRREGULARITY
- 2. WATERPROOF
- 3. FAST INSTALLATION AND REMOVAL
- 4. LOAD CAPACITY UP TO 110 kg/m² (≈ 22 lb/ft²) IN VERTICAL APPLICATIONS WITH MAGFACE® SUPPORTED FINISHES

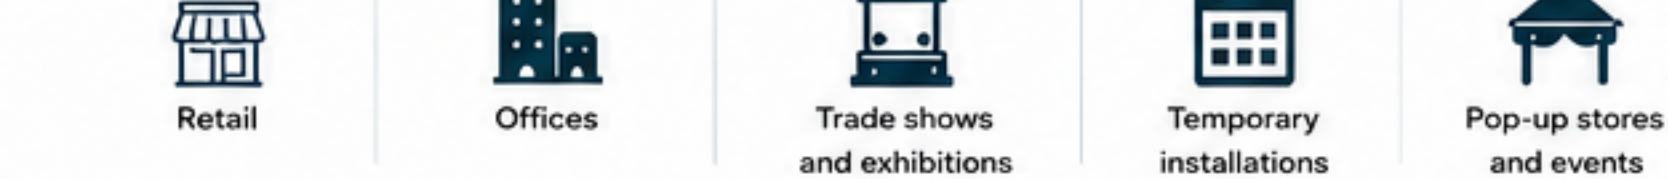

MAGNETIC GRAPHIC PAINT

MAGMIXTURE PAINT
Magnetic paint option for magnetic graphics and decors powered by MAGFACE®.

HOW IT WORKS

IDEAL FOR

* Work surfaces intended for vertical applications only.

MagFace® – CONCEPT HOUSE

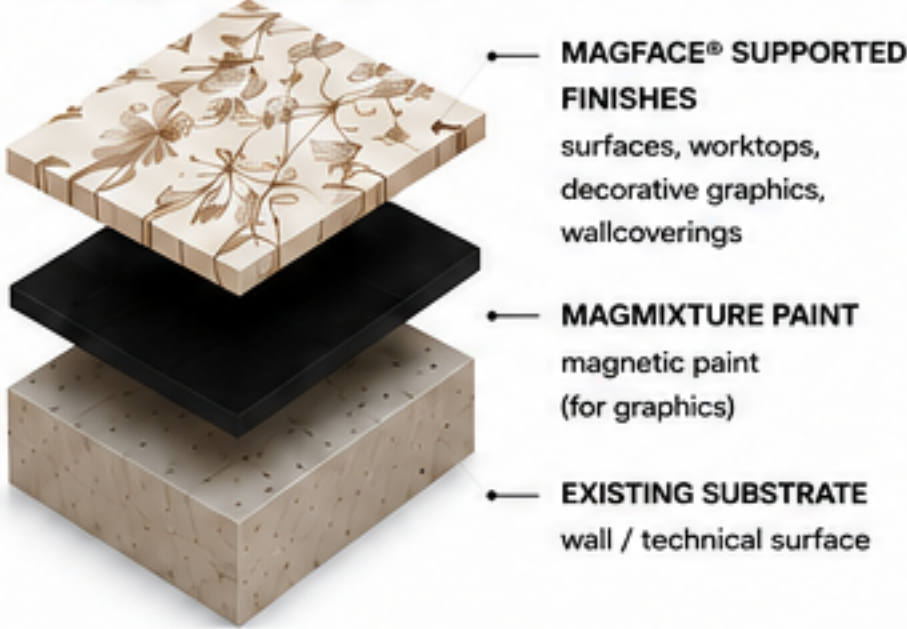

One system. Infinite possibilities.

MagFace® is an integrated system of ferrous supports and magnetic finishes that enables the application of surfaces and magnetic graphics without glue, drilling, or permanent fasteners. **Reconfigurable, reusable, sustainable.**

RESIDENTIAL APPLICATIONS

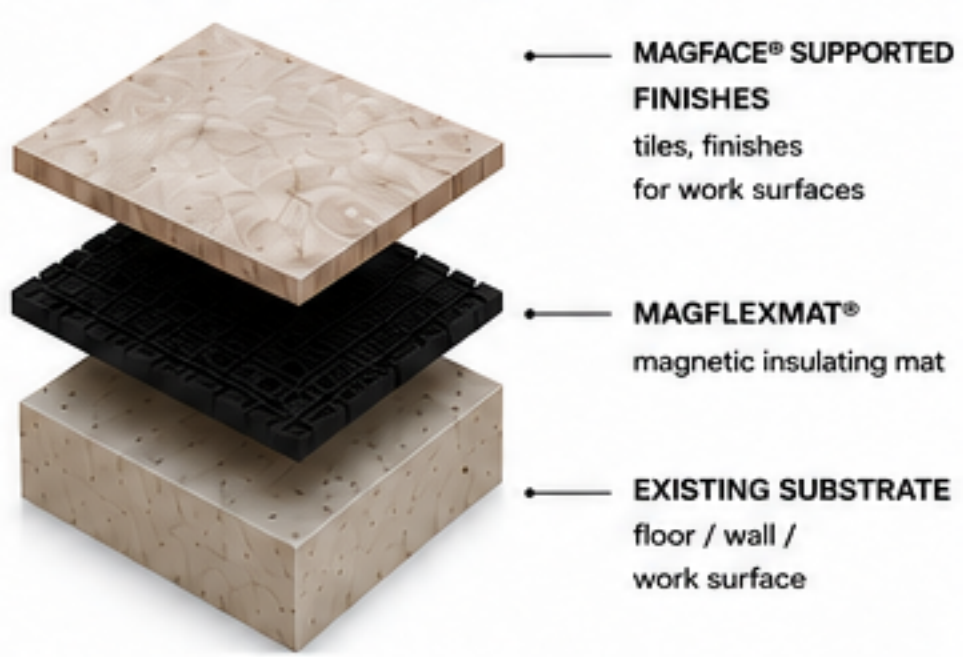

Sustainability, durability, and comfort.
Combined use of **MagMixture Intonaco** and **MagMixture Paint** in living spaces, bedrooms, and bathrooms.

PREFERRED SYSTEM FOR LIVING AND BEDROOM AREAS

MAGMIXTURE PAINT
Ferrous paint for walls. Ideal for magnetic graphics on surfaces powered by MagFace®.

PREFERRED SYSTEM FOR FLOORS, BATHROOMS, AND WORKTOPS

MAGMIXTURE PLASTER
Smoothing plaster for system substrates. Use only as needed to level and ensure optimal adhesion between layers.

WHERE WE USE MAGFLEXMAT®

BATHROOM FLOORS AND WALL COVERINGS

HOW IT WORKS

SUSTAINABLE. DURABLE. REUSABLE.

MagFace® transforms surfaces in spaces that are reconfigurable and free from invasive interventions.

RECONFIGURABLE. REMOVABLE. REPOSITIONABLE.

Zero glue. Zero drilling. Zero permanent fasteners.
